## YOU.th RO.und TRIP for climate action has just begun!

The European project titled "YOU.th RO.und TRIP for climate action", with acronym YOUROTRIP and agreement number 614827-EPP-1-2019-1-EL-EPPKA3-EU-YTH-TOG, is an Erasmus+, Support for Policy Reform – European Youth Together project, aiming to foster engagement of youth with democratic procedures and involvement in decision making.

The project aims to foster engagement of youth with democratic procedures and involvement in decision making. In the first phase a training of youth workers on supporting youth to engage with democratic procedures will take place and right after a series of 7 youth exchanges with young participants from 8 European countries will be organized, aiming to enhance the ability of youth to cooperate regardless the place of origin and cultural background. Youth groups spend one week full of participatory activities and debates in 7 countries involving also local youngsters. At the end of each exchange the local youth who have been involved in the action, formulate a "local youth council". In total 8 local youth councils are created within the project duration, aiming to transfer youth voice, in the form of policy papers, to decision makers of all levels, local, regional, national and European. Local youth councils are supported by local stakeholders through the development of local networks. Thus, young people can develop their future initiatives with the support of local communities. Representatives of the international network of young people be formulated at the end of the project, will present their policy recommendations to European Institutions in Brussels while the partners in cooperation with the youth workers and youth will develop a joint proposal idea based on policy recommendations in order to look for funding and expand the international cooperation of the network.
