Yourotrip may be over, but the journey continues...

The road so far

After 5 youth exchange mobilities, the young people formulating the Local Youth Councils of YOUROTRIP project have been fully engaged in climate action! The partner organizations have organized networking events, and helped young people in reaching out to stakeholders, presenting their mission, their ideas and suggestions for climate action, and ask for their support by signing the Memorandum of Understanding which states that they have the people's support to their endeavors! In 2022, apart from this 'local' action that the young people with the support of the partner organizations undertook, they also participated in the last 2 mobilities of the project, and of course travelled to Brussels, to present their policy recommendations!
